

IN-CORE

Thursday May 2, 2024
10:00am - 12:00pm (MDT)

*Presentations from the
Center of Excellence
followed by an online chat Q&A*

UPCOMING WEBINAR

IN-CORE: Next Gen Resilience Modeling of Communities for Policy Decisions

The webinar will begin with a brief history of the Center of Excellence, followed by an explanation of the science behind the algorithms, and culminate with highlighting the testbeds and community partnerships where IN-CORE is being directly applied to make communities more resilient to natural hazards. The webinar will close with next steps for IN-CORE and how it can be used for research as a computational environment and how it can help your community!

This FREE webinar is open to everyone!
